Gateway to Hope Co-Founder, Dr. Marlys Schuh, has been named a 2016 Woman of Achievement for her volunteer efforts and commitment to women’s health. The purpose of the Women of Achievement Award is to recognize and honor women of diverse cultures, roles and accomplishments who have demonstrated commitment to the betterment of the St. Louis region through significant voluntary contributions.

Growing up on a farm in North Dakota with a sister who was a medical technologist, Dr. Schuh decided to pursue a medical career. After receiving her degree at Washington University School of Medicine specializing in general surgery, Dr. Schuh completed her internship and residency at Barnes-Jewish Hospital in St. Louis and a fellowship at Roswell Park Cancer Institute in Buffalo, New York.

Fascinated by the technical aspect of surgery, Dr. Schuh shared, “It was an exciting time to be in the field of breast surgery as it transitioned into more individualized care. I found the best way to help women with breast cancer was to provide a comprehensive program. Once a patient walks in the door, your staff knows the purpose of the visit and you can provide complete care throughout treatment and recovery.” She accomplished this through her work at the St. Louis Cancer and Breast Institute, which later transitioned to a Mercy Hospital provider. Seeing the heartache caused by a breast cancer diagnosis coupled with a patient’s inability to access comprehensive treatment due to lack of insurance coverage led Dr. Schuh to partner with Dr. David Caplin to establish Gateway to Hope.

Dr. Schuh recently retired from her practice. When asked to reflect on her years in practice she stated, “I am most pleased with the relationships I’ve built personally and professionally and thankful I could practice during this transformation of care.” She also shared a piece of advice to anyone exploring ways to help. “Keep your eyes open to need. Look around you, identify it, do something, and continue to do the right thing.”

Join us as we congratulate Dr. Schuh. The 2016 Women of Achievement Luncheon will be held on Tuesday, May 10, 2016 at The Ritz-Carlton Hotel.

Gateway to Hope is a breast cancer lifeline. Our mission is to secure comprehensive care and provide financial assistance for individuals in need diagnosed with or at high risk for developing breast cancer.

MESSAGE FROM THE PRESIDENT

Last fall, I was asked to serve as President of Gateway to Hope and was proud to accept the expanded leadership role. Having served on the board for many years, I have watched as we have grown in our ability to expand and better serve the critical life needs of our patients. But, unfortunately, the needs are always there – patients struggling to survive. Thankfully, Gateway to Hope exists to fulfill that need.

Since our last newsletter, many things have happened at GTH. We have added some new team members: Dawn Van Houten, a long time board member, has agreed to take on the role of Operations and Marketing Leader. We are thrilled to have Dawn in this incredibly valuable role. Her passion, enthusiasm and steady hand will help us tremendously. We also welcomed Delesha George as our Office Assistant and Anjanette Wells as our Community Outreach Coordinator. And I want to welcome our new board members – Diane Lacey and Susie Knopf. At GTH we are fortunate to have such talented supporters, board members and staff members who believe in helping our patients.

GTH’s new operating model focuses directly on assisting patients with our Insurance Premium Program (IPP). Patients are now supported by GTH with quality medical insurance to cover treatment for breast cancer in contrast to our former business model that relied on donated care. In 2015, GTH provided 62 breast cancer patients with health insurance premium assistance, an amazing accomplishment. We are seeing the great potential we expected through the IPP. It’s only April and we have already 63 individuals with the Insurance Premium Program, surpassing last year’s total for the year and putting us on pace for a really big year helping patients get great medical care. In addition, we are continuing our program of support for our patients with other needs in their life, such as rent, mortgage, utilities, and personal expenses during difficult times so they can focus on getting well.

As more information about the IPP reaches the community, our goal of connecting patients to treatment and lifting financial burdens becomes a reality for so many who need our breast cancer lifeline. Inside these pages you’ll read about Holly, a Gateway to Hope patient. Please take time to read her incredible story. It is your support that allows us, every day, to make a difference in our community. I am proud to be part of an organization that has the ability to impact lives in such a positive and compassionate way.

Historically, Gateway to Hope established a network of partner providers who contributed their time and talent to fulfill our former comprehensive care model for GTH patients. We remain exceedingly grateful for their expertise and service and want to take the opportunity to acknowledge two of these individuals.

Licensed Massage Therapist Brandon Schuessel has been associated with Parkcrest Plastic Surgery Aesthetic Services Group for the past eight years, specializing in Lymphatic Drainage Therapy (LDT). Brandon also provides other treatment modalities including Soft/Deep Tissue Massage and Craniosacral Therapy. Lymphatic Drainage Therapy, a light pressure technique, is the treatment most needed by breast cancer patients. LDT addresses the lymphatic system and is designed to help the body detoxify, reduce swelling, build immune response, flush tissues and aid the post-surgical healing response. LDT treatment has been known to speed the healing process by forty to sixty percent.

Claire Callanan, Licensed Massage and Lymphatic Therapist at the Soft Tissue Healing Clinic also focuses on Lymph Drainage Therapy and has been helping Gateway to Hope patients heal for nearly 8 years. A native of France who seeks new knowledge on a consistent basis, Claire states “I’m fascinated by the intricacies of the lymphatic system and the important role it plays in the human body. It is constantly working to drain toxins out of the body. Lymphatic therapy helps prevent lymphedema conditions after surgery and can also proactively help rid the body of any abnormal cells, sometimes cancer cells.”

Brandon can be reached at (314) 265-9531 or email BrandonLMT22@gmail.com for more information about his approach to LDT treatment.

Claire can be reached at (314) 849-2466 or email Claire4prayer@gmail.com. Please contact her if you have additional questions about her treatment techniques.

Gateway to Hope thanks Brandon and Claire for their contribution to help in the healing process. Their contributions have been significantly valuable to our patients.
Holly’s Story

Holly received the news she was not expecting: breast cancer. Not only did the diagnosis bring about fear for her health and future, but she was uninsured at the time and was concerned how she would afford the necessary treatment while caring for her family and attending school full-time. Fortunately, the support services at Mercy guided Holly to Gateway to Hope.

Holly’s insurance concerns were quickly alleviated when she learned Gateway to Hope could help cover the cost of her monthly health insurance premiums through the Insurance Premium Program, ensuring her access to the care she needed. Holly selected a private insurance plan, which allowed her the flexibility to seek treatment where she wanted. Holly was encouraged to select the plan with the lowest deductible to help keep her medical costs down. Gateway to Hope covered the cost of her health insurance as she went through extensive treatment, including a double mastectomy, chemotherapy and radiation.

“Gateway to Hope is open-armed and ready to assist,” Holly said. “There were so many unknowns when I was diagnosed and as a single mother of two precious children, I was terrified of having no insurance and being in debt the rest of my days to receive treatment, which meant I couldn’t bless my children the way I desire to. Thanks to Gateway to Hope, that isn’t the case!”

In addition to her health insurance, Gateway to Hope provided Holly financial assistance for her rent, utilities, and gas cards for transportation to and from her treatments through the Thelma’s Gift Fund. The financial support provided alleviated the financial burden that comes with a breast cancer diagnosis so Holly could focus on her health and getting better.

Holly is no stranger to hard work. This 33-year-old, single mother of two (9-year-old son and 4-year-old daughter) took the initiative to enter an accelerated physical therapy assistance program full-time to help provide a better future for her family not knowing she would be facing a diagnosis of breast cancer at the same time. Holly used the same strength and courage she has used throughout her life during this trying journey.

Holly was in her anatomy class one day when her professor shared the story of a young woman being diagnosed with breast cancer. Holly herself had noticed a lump in her breast but was previously unconcerned because of her age and lack of family history. However, she was inspired by her professor’s lecture and decided to pursue the necessary screening.

Finding Hope...
PAST EVENTS

INAUGURAL CHARITY POLO MATCH

Gateway to Hope partnered with Saint Louis Benefit Polo to host its first charity polo match on August 1, 2015 at the McGehee Polo Field at Spirit Valley Farms. Guests enjoyed a casual afternoon of polo with friends and family while sampling food truck items, perusing vendor booths, listening to live music, and bidding on fantastic auction items. The event committee, led by Ann Buck, Trish Saleeby and Susie Von Gontard, worked persistently to ensure the inaugural event was a success!

Thank you to our 2015 Polo sponsors:

**BRONZE SPONSORS**
Blue Tail Medical Group, Paychex, Kim and Jeremy Rubenstein

Janet McGehee, Katie Trout-Ackerman and Development Coordinator, Tracy Gelman

Debbie and David Caplin, Stephanie and Jonathan Zechar

Co-Chair Ann Buck (center) with Natalie and Trudy Buck

The Giles Family

The Saleeby Family
KaleidoHope welcomed nearly 400 guests to the Khorassan Ballroom at The Chase Park Plaza on September 25, 2015. Led by co-chairs Tiya Lim and Katie Trout, and advisory chair, Joan Quicksilver, Gateway to Hope celebrated its 10-year anniversary and introduced many people to the organization for the first time. While the evening was filled with surprises and excitement, a highlight of the event was the presentation of the Humanitarian and Visionary Awards. The Ronnie Chod Humanitarian Award, named in honor of a dear friend and longtime Gateway to Hope supporter, was presented to Warner Baxter and Tom Voss of Ameren Corporation. Rick Williams of Ladue Pharmacy received the Gateway to Hope Visionary Award which honors those who pioneer innovation, foster the spirit of hope, and empower positive change in the lives of patients with breast cancer. As the event continued with a thrilling live auction, it was the spirited and heartfelt sentiments of Gateway to Hope patient, Aletha M., that brought the crowd to their feet. The messages of gratitude, hope and empowerment left attendees feeling inspired and enthusiastic about Gateway to Hope’s vision and future.

6TH ANNUAL KALEIDOHOPE GALA

Thank you to our 2015 KaleidoHope sponsors:

UPCOMING EVENTS

7TH ANNUAL LAUGHTER & LYRICS FOR LIFE
SATURDAY, MAY 7, 2016
THE PAGEANT

Presented by the Young Friends, this battle of the bands fundraiser will feature live entertainment by three local groups competing for the votes from the audience. This year will feature performances by MÄNSHIP, Modern Lions and The Bottoms Up Blues Gang. Tickets are $50 and include unlimited beer and wine, entertainment and the opportunity to bid on fantastic auction items. Call the Gateway to Hope office at (314) 569-1113 to purchase tickets over the phone or visit Ticketmaster.com (additional $10 Ticketmaster fee applies).

2ND ANNUAL CHARITY POLO MATCH
SATURDAY, JULY 30, 2016
MCGEHEE POLO FIELD AT SPIRIT VALLEY FARMS

In partnership with Saint Louis Benefit Polo, polo enthusiasts and first-time spectators will enjoy a casual afternoon of polo, outdoor shopping and entertainment. Visit www.gthstl.org for more information.

7TH ANNUAL KALEIDOHOPE GALA
SATURDAY, OCTOBER 1, 2016
CHASE PARK PLAZA HOTEL

This signature fundraising event will honor those who further Gateway to Hope’s important mission, and will feature a seated dinner, open bar, interactive entertainment, silent and live auctions and an awards presentation. Visit www.kaleidohopesl.org for more information.

SPOTLIGHT STORY

RONNIE CHOD
A LASTING LEGACY

A renowned entrepreneur and philanthropist, Ronnie, along with his wife Nancy, took an early interest in Gateway to Hope’s mission. Through their generous support of Thelma’s Gift (a GTH fund created in memory of their long-time friend Thelma Muskin), the Chod family has helped hundreds of individuals fight and win their battle with breast cancer. Ronnie was an invaluable source of counsel as GTH chartered the course for the growth and development of their fundraising model. “It would be impossible to have programs such as Thelma’s Gift if it weren’t for the generosity of people like Ronnie Chod,” says Gateway to Hope co-founder, Dr. David Caplin. “We lost Ronnie this past year and it was a huge loss to all of us who were fortunate enough to have known him as a devoted friend and mentor. All we started with was a vision and, with the incredible support of people like Ronnie, Gateway to Hope has flourished, allowing us to help hundreds (and eventually thousands) of women fight and win their battle with breast cancer.”
